Electric Refrigerator, Other Prizes Will Be Given Away At Cooking School Session Tonight

The closing session of the Gettysburg Times Cooking School will be held at 7:30 o'clock this evening in the Hotel Gettysburg annex at which a \$339.53 "Magic Cycle" Kelvinator electric refrigerator plus 16 major awards and 25 baskets of food will be given away. The doors will open at 6:30 o'clock.

More than 1,400 women attended the second session of the school Thursday evening at which Miss Madeline D. Linehan, home economist from Ipswich Mass., continued to inspire her audience with cleverly concocted recipes, household hints and suggestions for summer comfort.

Pattern for a summer hostess was the ice cream snowballs with fudge sauce prepared by the culinary expert. "Use left over cake," said Miss Linehan, "and drop scoops of your favorite ice cream in the crumbs, roll in wax paper and keep in the refrigerator until ready to serve."

"Snappy Green Beans"
For a quick lunch when unexpected guests drop in, the lecturer recommended "cheese, tomato and bacon circlelets served piping hot. For a wonderful, quick supper or luncheon snack, serve with pickles, coleslaw or potato chips," she advised.

"Since so many of you will soon be having green beans in your gardens here in Gettysburg," declared Miss Linehan, "I will tell you how to prepare 'snappy green beans.'" The variation of the popular family vegetable is effected by adding sliced onions, butter or margarine and tomatoes, Miss Linehan, assisted by Ann Gregory, home economist, displayed each dish to the audience as it was completed.

Kentucky Salad
The Kentucky salad she created made one think of old southern gardens and juleps. A summer symphony in green, the dish was composed of sliced cucumbers, crushed pineapples and gelatin. A little lemon juice was added for flavor and the moulded gelatin was arranged on lettuce leaves and served with mayonnaise dressing. "This is a luscious summer salad served as an accompaniment to cold meats," said Miss Linehan.

An eye-catcher was a dish named "chicken divine," an arrangement of sliced chicken and broccoli to which chicken stock, mayonnaise, whipped cream, white sauce, Parmesan cheese had been added. The golden brown crust was accentuated with a dash of red paprika after the dish had been baked.

Filled Tartlets
Food for men was the ham and egg croquettes arranged in tomato sauce with sprigs of green parsley. "Added for color," explained the lecturer.

GREAT FUTURE IN APPLES CITED FOR FRUITMEN; SEEK PEACH AID

A plea for a state-wide effort to publicize peaches and a report that "there is a great future in apples" featured Thursday evening's meeting of the Fruit Growers Association of Adams County held at the Biglerville Auditorium.

John A. Hauser, president of the C. H. Musselman Co., cited sales statistics for applesauce over the last five years to prove that the demand for apple products is increasing and added that "while a lot of people are interested in apple products, we have a long way to go yet. There is a tremendous potential for canned applesauce, canned apples, pie fills and other apple products."

The demand was so good last year that processors throughout the nation are sold out as far as applesauce is concerned, Hauser said.

Demand For '53 Crop

The Biglerville industrialist held low prices for applesauce in 1951, plus the work of the Processed Apple Institute in promoting the sale of processed apples helped create the apparently much larger market for apple products. Lowered prices and increased promotion were needed to sell a nearly 3,500,000 case carryover in 1951 and as a result the processors found the 9,100,000 cases packed in 1952 moved out of their warehouses in record time.

"Buyers are already writing anxiously about the 1953 crop," he added.

Hauser said reports received by his company indicate "you fellows (the growers) won't have any difficulty selling apples to the processors this year." He added that while processed apples moved well "there are a lot of apricots and sweet cherries in the processors' hands. And there is a bigger carryover of processed tomato products this year than last."

Tells Of FTC Case

"But that will not deter us from trying to can a large pack of tomato juice. Our tomatoes, and I am speaking for all processors in this area, sold well. We simply have better tomatoes, better quality and better flavor in this area."

Hauser described the progress of the Federal Trade Commission trial of the processors and Appalachian Apple on a restraint of trade charge. The examiner threw out the government's case "but the thing is not over. The government attorneys asked for and got a 30-day extension in which to file a brief arguing that the case should not be dismissed. That 30 days will be up early in June. Then our attorneys will have a chance to answer their brief. Then the Federal Trade Commission will have to decide whether the decision of the examiner should be upheld."

The C. H. Musselman Co. president said the FTC trial had already cost his company more than \$50,000 "and I assume it has cost all of the other defendants a like amount."

Would Organize Peach Growers

Benjamin Kauffman, York County fruit grower and vice president of the National Peach Council, told the group: "We must organize to promote the sale of peaches. We must fight for a market. We compete with all other fruits for the consumers' dollar and the others advertise and promote the sale of their product. As a result..." (Continued on Page 2)

Court Must Dispose Of 2 Cases Of Beer

The Commonwealth of Pennsylvania has filed a petition with the Adams County Court asking it to determine the disposition of two cases of beer the state took into custody when Roy Daniel Naugle, Fayetteville R. 1, was arrested for illegal possession and sale of malt beverages. Naugle paid fines of \$100 each on the two charges at the recent sentence day in court.

Horace Fegelbaum, deputy attorney general for the state points out that the state, while it has the beer in custody, has no authorization to dispose of it in any way and asks the court to forfeit the beer to the state for distribution to hospitals if usable or destruction if it is not usable.

DENIES USING \$500 DONATION

Clark L. Petters, president of the board of Adams County Commissioners, said today he "didn't spend a penny" of the \$500 donation sent him last April by the Candidates' Campaign Committee of the Commonwealth of Pennsylvania. The entire \$500 was turned over to H. Earl Pitzer, who was then campaigning for the GOP nomination for reelection as representative in the General Assembly against Francis Worley.

The check, dated April 15, 1952, and made payable to "C. L. Petters, Treasurer," is reproduced today in a York newspaper together with Petters' endorsement on the back of the check. The check was drawn on the Harrisburg National Bank.

Petters denied that he knew anything about the check being sent here "in an unsuccessful attempt to defeat Mr. Worley." He said he thought it was merely a donation to help Mr. Pitzer's campaign. The York paper said the \$500 is reported to have come from the Gov. Fine organization in an effort to block Worley's nomination. Worley won the nomination and the election.

It was confirmed at the court house here that Petters, who also is chairman of the county board of elections, had not filed a statement covering expenditure of the check now there any authorization on file here for him to receive funds as Pitzer's treasurer. It was also confirmed at the court house that Pitzer had filed an expense account, listing receipt of \$500 from the Candidates' Campaign Committee but not from Petters.

Mr. Petters told The Gettysburg Times today that he did not know that it was necessary to file an authorization to receive money as a campaign committee treasurer. "I didn't spend a cent of the money and as far as I knew there wasn't anything illegal about the whole business," Petters said.

Mr. Pitzer was out of town and could not be reached for a statement.

They also discovered that the car parked behind Emmert's, owned by Martin C. Crabill, had also been hit, with damage totalling \$100.

STOCKS QUIET

Building permits have been issued by Burgess William G. Weaver to Russell Durborow, 149 Carlisle St., to place a window, remove a chimney and make other repairs totalling \$500 to his property, and to Bender Funeral Home, 125 Carlisle St., to cut two doors in the north side of the building and construct a walk and steps at a cost of \$150.

GREAT FUTURE

(Continued from Page 1)

sult they are selling to a market prepared to receive them. We spend tremendous amounts of money to produce quality peaches and then just hope that someone will buy them. In the last five years home canning of peaches has dropped off tremendously. The only way we can get a good market is to advertise and promote the sale of peaches. And we'll have to pay for that; no one else will."

County Fruit Growers President Nelson Weber, at the conclusion of Kauffman's talk, urged the fruit growers "to think this matter over; we should discuss it thoroughly at our next meeting."

Reports by growers on the fruit situation in the county show that present indications are for a "fair to good crop." Stewart Lucabaugh, Hanover R. D., reported the apple potential crop in his area as "on the whole lower than last." He set sour cherries at 50 per cent of a crop and peaches as "100 per cent of a crop."

Crop Estimates Vary
William M. Lott, Gardners R. D., held the apple crop in his section will be heavier than last year, "80 per cent of a crop; with cherries, 75 per cent of a crop and peaches pretty fair."

Others reports ranged from "apples light, cherries 50 per cent" to "apples better, more cherries than last year." President disagreed with the reports, holding that in his opinion the cherry crop will not be "so heavy as last year."

Dr. R. S. Kirby, state college specialist, urged growers to "learn a lesson from this year. There never has been a year in which the key spray for scab has come so early. This year the delayed dormant spray was the most important one and those who got it one have little scab in a year in which there is a lot of scab. Scab is like anything else; if it costs you \$1 and one hour to keep ahead of scab it costs you \$10 and ten hours if you get behind and you never catch up."

"Warns Of 'Too Many Sprays'"
"In connection with sour cherry the weather has been 100 per cent ideal for leaf spot. Apply your next spray ten days after the last application to keep coverage. On peaches there is a lot of leaf curl, and remember there is nothing to stop leaf curl after infection takes place. And we are in a epidemic of it now."

Dr. Fred Lewis of the Arendtsville laboratory warned the growers not to put too many sprays on their trees in the fight against all the insect and disease problems and the 17-year locusts. "Thorough coverage is needed but if we go at the trees too hard right now we might wind up with no fruit next year."

John Pepper, State College extension specialist, urged use of six ounces of 40 per cent TEPP per 100 gallons to kill the 17-year locusts and added that it will also kill most of the other insects infesting orchards. He warned strongly however: "Don't forget TEPP is a poison. If you spill some on yourself or your clothing, stop right there and wash it off. Don't wait. This stuff kills bugs and it can also kill humans. So handle it with care."

Asquith On Locusts

Dean Asquith, of the Arendtsville fruit laboratory, showed three cages filled with 17-year locusts. One, kept as a test, was filled with live unsprayed locusts. Another showed dead locusts that had been sprayed with four ounces of 40 per cent TEPP per 100 gallons. And the other was filled with dead locusts which had been sprayed with two ounces of TEPP and one quart of Rothene emulsion per 100 gallons.

Asquith said the success with the Rothene indicates that it may be possible to use it to cut down the amount of TEPP used if it becomes necessary to place a large number of sprays to kill the locusts.

Since TEPP kills only the locusts hit by it, and has no action against them after it dries on the trees, the material will have to be used every three to five days to get rid of the locusts until the broods have all emerged.

A letter was read by President Nelson from Suzanne E. Ziegler, president of the Senior Class of Gettysburg High School thanking the fruitmen for "your generosity in giving us a bushel of apples to take to the Eisenhower when the class went to Washington. We greatly appreciate this gift, because nothing could be more significant in representing Gettysburg than apples from Adams County."

E. AND R. SYNOD MEETS IN OHIO

The campus of Heidelberg College, Tiffin, Ohio, will be the scene of the ninth triennial meeting of the General Synod of the Evangelical and Reformed Church from June 17 to 24. The approximately 650 persons who will be in attendance will include 332 delegates from the 34 district synods, representatives of the denominational boards, commissions and agencies, interested leaders of other communions, and press representatives of denominational organs and metropolitan dailies.

All the facilities of the college will be placed at the disposal of the convention. The opening meeting will be a religious service, including the Holy Communion, to be held in the local Trinity Church on Wednesday evening, June 17, at which time the preacher will be Dr. L. W. Goebel of Chicago, the president of the Church. Included in the religious services will be a spiritual convocation to be held at the nearby municipal stadium on Sunday evening, June 21, at 7:00 o'clock. The convocation preacher

will be Dr. Edward O. Butkowsky, a member of the Board of Trustees of Franklin and Marshall College at Lancaster. Churches of the various communions within a large radius have been invited to attend.

The daily business sessions will be held in the new Seiberling Memorial Gymnasium on the campus. Rooms in nearby recitation halls will be given over to committee meetings. Paramount in importance and interest will be a detailed discussion of the Report of the Special Study Committee commissioned by the 1950 convention "to study the total program, personnel and organizational life and work of the Church, with a view to possible changes in the interest of efficiency, effectiveness and economy." The Committee was requested to report periodically to the General Council and finally to the 1953 session of the General Synod.

Most of the delegates and other registrants will be housed in the college dormitories and meals will be served in the college dining halls.

"DON'T GIVE UP"

The easiest thing in the world to do . . . is quit when things get rough . . . to give up trying and to say . . . that you have had enough . . . to lose your faith when skies are gray . . . and troubles will not end . . . then turn your eyes upon the ground . . . while all your hopes descend . . . to admit you are a failure . . . and to seek a helping hand . . . and then forever go about . . . with failure as your brand . . . with great ease you can accomplish . . . all the things that I have said . . . for the resting place of failure . . . makes a most inviting bed . . . but if you, like some, must waiver . . . and your hopes and dreams are dying . . . you can still become victorious . . . if only you keep trying.

plained Miss Linehan. This dish can also be served with mushroom soup. Other dishes presented were cherry cobbler and blueberry pancakes. "The cherry cobbler should be served warm with cream," she said, "and the blueberry pancakes are best served piping hot with syrup."

Miss Linehan demonstrated how small tartlets can be filled with ice cream, fruit or custards and topped with whipped cream, nuts or a mixture of brown sugar and oatmeal crumbs. She showed the audience the correct way in which to make carrot curls and she explained that the curls be kept in ice water until ready for serving.

Fashion Show

The former, a representative of the Metropolitan Edison Company, spoke on electricity in the modern home and how far the housewife has come since the days of Thomas Edison. "Laundry day can be an easy day for you," she said, "and you can cook food now without burning it on the modern electric stove." Hungarian Doctor May Remain in U. S.

WASHINGTON (AP)—The Senate yesterday passed and sent to the White House a bill that would allow a Hungarian doctor of philosophy who fought the Nazis and then fled the Communists to remain in this country.

The bill, introduced by Rep. Hale (R-Me) would permit Dr. Tidor Kalman Jaisovizky to stay in the United States permanently.

The 59-year-old lecturer on political philosophy and international relations came to this country in 1950 after being granted a scholarship by the Pendel Hill School of Wallingford, Pa. The school is operated by the Society of Friends.

Since then he has lectured under the auspices of the English Speaking Union of the United States, New York.

MAY PROCESSION AT ST. JOSEPH'S

Children of Mary of St. Joseph College, Emmitsburg, crowned the Blessed Mother as Queen of the Valley at the college's annual May procession Thursday. Helen Rupp, president of the association, placed the flowered wreath on the brow of the statue of Virgo Potens, which stands at the head of the avenue.

Students in full academic attire, Sisters of the College and Central House, the Seminary Sisters and the Postulants assembled in the college chapel for Benediction of the Most Blessed Sacrament, which opened the crowning ceremony. In procession, they wended their way to the various Blessed Mother shrines on the campus. Hymns to our Lady were sung and the rosary recited during the procession.

Final tribute was paid to the Guardian of the Valley at the Virgo Potens statue. Jean Lloyd, vice president of the sodality, recited the Act of Consecration to Mary after the crowning of the statue by Helen Rupp, Elmo Starr, secretary, and Sue Kiser, treasurer, attended

19 CARS DERAILED

MONTOURVILLE, Pa. (AP)—Nineteen cars of a westbound Reading Co. freight train derailed in a wreck early today in this Lycoming County town. No one was injured.

The accident occurred about 5 a. m. at a point where the railroad parallels the West Branch of the Susquehanna River not far from the Williamsport Municipal Airport. Montoursville is five miles east of Williamsport.

The right of an accused person to demand that he be permitted to "prove" his innocence by mortal combat with his accuser existed on the statute books of England until 1818 when a murderer invoked the long unused statute. He was set free but the law was repealed.

WAR'S COST

What do we pay for each bomber we send?
Thirty fine schools not one child will attend.
One bomber—and this is war's terrible bill—
Two hospitals needed to care for the ill.

What do we pay for each gun that we mold?
Food for the hungry and warmth for the cold.
Merely one plane, and the settled receipt
Shows five hundred thousand good bushels of wheat.

For a single destroyer—it's dismal to tell—
We pay with the homes where eight thousand could dwell.
And surely the good Lord must think we are fools
So to squander our hospitals, houses and schools.

READJUSTMENTS

I know of many people — and so do you who read this — who do not seem to know how to get on the right road to personal happiness. They are whipped here and there. They are out of tune and do not know how to readjust themselves. They flounder in self-pity. They start blaming others, and life itself, for their condition. This gets them nowhere. I have news for such. Try to readjust yourself to new ways, any one of which can lead you to the happiness which you think has never been yours.

Start by forgetting all about your own problems, and see if you can't help someone else to solve his. It may help to reveal the key that will unlock the door to your own happiness. Try to give something of hope and pleasure to others, instead of planning for your own isolated way of life.

All of us have far more blessings than we ever acknowledge. They immediately increase the moment that we begin to share them with others. And the forgotten ones come vividly to mind. It's all a matter of readjustment. If we think of others, others will think of us. It's that simple.

Every phase of life is an experience, and each experience becomes a teacher. The worker who suddenly loses his job is faced with a condition that he must somehow solve. He often has to make a readjustment in his manner of living. He may have to select new friends, or train a new set of resolves. Nothing is ever hopeless to the one with a will and a purpose.

During these days of high prices and high taxes, all of us have had to make readjustments — and many of them have proved good for us. We have learned to go without things. The great little things have taken on a new significance. Simpler pleasures have come into their own. We have become less envious of the success of others. It has always been interesting the way people, who are suddenly thrown together because of some great tragedy, become as one toward each other — all barriers down!

Tomorrow Mr. Adams will talk on the subject: "Religious Armament"

Allies Must Settle Their Own Problems Before Meeting Reds

By JAMES MARLOW

WASHINGTON (AP) — President Eisenhower's press secretary, James C. Hagerty, has declined to give details behind the President's proposal to meet with the heads of the British and French governments in June.

But the answer to at least one double question—why and when did Eisenhower decide to call the conference?—would throw a new light on the thinking of this administration in terms of world leadership.

Last March 15 Premier Malenkov, Stalin's successor, began the new Russian peace offensive with a speech saying there is no dispute between East and West which can't be settled peacefully. From then on Russians sounded milder.

One month later, April 16, President Eisenhower made a speech. He, too, expressed desire for world peace but asked the Russians what they were willing to do to bring peace. He asked them to demonstrate by deeds.

Lists Major Issues

He listed some major sore points between East and West he wants to see settled: the Korean and Indochina wars, a united Germany, conclusion of an Austrian peace treaty.

The Russians did nothing in the way of deeds mentioned by Eisenhower. In spite of the exchange of wounded prisoners in Korea, truce talks there bogged down over the fate of unwounded Communist prisoners who did not want to return home.

Almost another whole month passed. Then on May 11 Sir Winston Churchill, who had praised Eisenhower's mid-April speech but had remained silent thereafter, got up to speak in the House of Commons.

He, too, wanted peace, he said. He suggested a conference of a very few of the top powers. He mentioned no names but it was assumed he meant himself, Eisenhower and Malenkov. There was an angry reaction in France.

Churchill Shocks U. S.
And, in an apparent nudge to Eisenhower that just having the big power conference was more important than requiring the Russians to fulfill a bill of particulars beforehand, Churchill said:

"I think it would be a mistake to assume that nothing can be settled until all has been settled."

The speech came as a shock to Washington. It reflected a difference between the two big allies, the U. S. and Britain, in dealing with Russia.

The State Department, besieged by reporters for his views on what Churchill said, took two days to issue a statement which was a repetition of what Eisenhower had said in April:

That the President was willing to have a big powers meeting but the Russians should first give "concrete evidence" of sincere peaceful intentions.

Wants Red Deeds

RAIN AND WIND LASH FRONT; LITTLE ACTION

SEOUL (AP)—Cold rain and windstorms lashed the quiet Korean battle front today and grounded Allied attack planes.

The Fifth Air Force reported it sent only weather reconnaissance planes over Red Korea.

During the night only a few light bombers hit Red targets and an all-weather Starfire reported probable damage to one Red jet in a radar-directed dogfight.

An American patrol which raided a Chinese company in the Chonwon Valley provided the day's biggest ground action.

A reconnaissance patrol uncovered the Chinese company first in the Jackson Heights area and called in the raiding unit after a 40-minute chase.

The raiders said 83 Chinese were killed or wounded in the three-hour chase.

Kill 20 Reds
South Korean infantrymen reported killing 20 Reds in a close quarter skirmish near Finger Ridge in Western Korea this morning.

Helicopters of the Army's 6th Transportation Helicopter Company found just the right weather Friday for running a three day operation in airlifting most of the supplies needed by an American division on the front.

Operation Skyhook began in the rain and wind, with helicopters carrying supplies to the division north of the Imjin River on the Western Front. The operation was designed to show what helicopters can do if all other supply routes are cut.

Other officers named were: Miss Betty O. Bell, Pittsburgh, president-elect; Mrs. Cleta M. Smith, Allentown, vice president; Miss Sally Cochran, Erie, secretary; and Miss Rose Donohue, Philadelphia, treasurer.

House Approves Prison Riot Bill

HARRISBURG (AP)—A measure to increase the penalty for prisoners who riot or attempt to escape headed for the Senate today after winning unanimous House approval.

The bill, sponsored by Rep. Edwin W. Tompkins (R-Cameron) would increase the additional maximum prison term for breach from two to 20 years.

Tompkins said the measure was aimed at discouraging the "rising number of prison riots and attempted breaks." He referred to January outbreaks at Western State Penitentiary in Pittsburgh and at its Rockview Branch near Bellefonte.

Another Tompkins bill, increasing the penalty for prisoners who hold hostages in a prison riot, passed the House recently and is now under study by a Senate committee. That measure would provide for life imprisonment in solitary confinement and a \$10,000 fine for such an act.

Floyd appealed a ruling by the State Department of Assistance that \$353 he received in insurance disability benefits resulting from blindness constituted income.

The department held that Floyd's total income, including the \$353, exceeded \$1,716, the income allowed by law to a blind pensioner, and withheld a blind pension to him.

"The construction given to the phrase 'actual income' by the department, as reflected by its rules and regulations," Judge Richards held in the court's opinion, "does not transgress and is consistent with the standards laid down by the Legislature."

The court held that the disability payment received by Floyd constituted "income within the meaning of the statute" and that the pension "amounts withheld from the pensioner were properly withheld."

Only a rocket engine will carry a man — made ship beyond the earth's atmosphere.

Other officers named were: Miss Betty O. Bell, Pittsburgh, president-elect; Mrs. Cleta M. Smith, Allentown, vice president; Miss Sally Cochran, Erie, secretary; and Miss Rose Donohue, Philadelphia, treasurer.

The Biglerville High School track and field team dropped a 65-43 decision to Scotland Thursday evening at Biglerville as the Cannons closed their spring sports program.

Mauss also tied for first place in the shot put and placed second in the discus.

NATIVE DANCER AND ARCARO ARE PIMLICO TOPICS

BALTIMORE (AP)—A horse named Native Dancer and a jockey named Eddie Arcaro were two hot topics of conversation today on the eve of the Preakness although they were not together and both were beaten in the Kentucky Derby.

Native Dancer had staid Pimlico as excited as it ever has been in its 83 years of horse racing. "Is he as great as he looked before Dark Star outran him in the Derby?" That's the burning question before the full house of about 35,000 answer seekers tomorrow.

The Alfred G. Vanderbilt gray ghost will have another crack at Harry Guggenheim's Dark Star and five others in the mile and three sixteenth race for \$113,750. The middle gem of the Triple Crown of racing will be on nationwide radio and television (CBS, 4:45 p. m. EST).

Since the Derby upheld the cliché that anything can happen in a horse race, the quietest of outsiders isn't being overlooked entirely for another upset.

These include Eugene Constantine Jr.'s Royal Bay Gem, Jim Norris' Jamie K, Bruce Campbell's Ram o' War, Mrs. Gordon Guiberson's Correspondent and Ben Whitaker's Tahitian King.

Arcaro on Jamie K. On the record, Arcaro has the most distinguished of the lot, Jamie K. But whoever the nation's No. 1 jockey rides commands a lot of betting respect and the handicappers figure Arcaro's presence will hike Jamie K. to fourth choice behind Native Dancer, Dark Star and Royal Bay Gem.

Jamie K. had won only one race in 17 until May 6. Arcaro was given the mount owned by the head of the International Boxing Club that day. He won and duplicated seven days later, which got him the Preakness trip.

Coatesville Ace Will Lead Defending Champions In '53 Scholastic Track Contests

STATE COLLEGE, Pa. (AP)—Rod Perry, one of Coatesville's all-time athletic greats, leads the defending champion Red Raiders into the 1953 schoolboy track championships at this week end's triple sports show.

Preliminary rounds in the State Pennsylvania Interscholastic Athletic Association tennis and golf title events got underway today with the entire track competition and tennis and golf finals set for tomorrow.

Nearly 1,000 schoolboy athletes are to compete in the annual state tournaments on the campus of the Pennsylvania State College. And this year they will be able to watch their college counterparts in action. State meets Manhattan College in a dual track meet and plays Colgate on the links and tennis courts tomorrow.

16 Tennis Entries
Opening round action in the 11th annual tennis event found nine singles entries and seven doubles teams—a record entry list—out to cop titles won last year by Charles Bibleheimer, Easton, and Gene Flick and Noel Gillette, Edgewood.

A field of 48 from 20 schools, including defending champion Dave Bates, Philipsburg, played 36 holes of the 54-hole 19th annual golf tourney.

Perry to a great extent responsible for Coatesville's drive to the basketball flag of the Ches-Mont League this year, has recorded the best showing in the state in two track and one field events.

ONE PITCH WINS FOR TRIPLETS IN NINTH INNING

By The Associated Press
Leo Evans threw one pitch last night and helped Binghamton gain a full game on first-place Reading in the Eastern League.

Evans got Williamsport's Bob Gardner to fly out in the ninth with the tying runs on second and third and thus saved a 6-4 victory for starter Wally Burnette.

The victory moved the Triplets to within 1½ games of the Reading Indians, who bowed to Albany, 7-3. In other games, Scranton beat Elmira, 6-4, and Irv Burton pitched a two-hitter to give Wilkes-Barre a 4-0 victory over Schenectady.

Burnett's performance highlighted play in the league last night, the big righthander pitched to only three men over the minimum and didn't allow a man to get past second base. He was helped by manager Danny Litwiler who hit his second home run in two nights.

Errors Help Albany
Binghamton scored three runs in the fourth inning and added the two insurance runs in the eighth. Cal Neeman, who had a double and a single in two times at bat, drove in two runs.

Albany took advantage of five Reading errors and 10 walks to end the Indians' four-game winning streak. Starter Herb Score gave up six walks and Jim Barnhardt issued four. Frank Sullivan came on in the fourth for Albany and gave up only two singles to earn his first victory of the year.

Pete Meacini hit his first home run o f the season to help Scranton beat Elmira. His 380-foot wallop broke up a 4-4 tie in the fourth inning.

BOLT LEADING AT FORT WORTH

FORT WORTH, Tex. (AP)—Tommy Bolt, a heavy money-winner already, held a long lead on a \$5,000 jackpot today as he set out at the head of the field in the \$25,000 Colonial National Invitation golf tournament.

The terrible tempered Mr. Bolt of Maplewood, N. J., was the only player able to master par in the opening round yesterday as he shot a 34-33—67 over the rugged 7,035-yard Colonial Country Club course.

His three-under-par effort put him four strokes ahead of his nearer pursuers. Fred Hawkins of El Paso, Chandler Harper of Portsmouth, Va., and Lloyd Mangrum, of Niles, Ill.

Ben Hogan, the Palm Springs, Fla., favorite, wasn't hitting his shots and the heat and wind bothered him. He wound up with a 73 and a tie for ninth place.

Deadlocked at 72 were Buck White of Greenwood, Miss.; Ted Kroll of New Hartford, N. Y.; Cary Middlecoff of Memphis, Tenn., and Peter Thomson of Melbourne, Australia, the lone foreign entry in the tournament with its 48-man field.

Careless use of electrical appliances accounted for 50 per cent of the barn area fires at race tracks during the past 15 months, according to a study made by the Thoroughbred Racing Protective Bureau.

from this group the four managers each "purchased" 15 team members from the player pool. Those not selected will be placed in a "Minor" league later this summer which will operate with the Little League in a true "farm" system. Lads showing excellent performance in the minor circuit may work their way into Little League play in the event those already selected do not come up to expectations.

President Smith today expressed his appreciation to all who have made the Little League possible. He announced the Albert J. Lentz Post of the American Legion recently donated several dozens of baseballs to the league. Appreciation was also expressed to the Softball League which has given the field for league play.

A plea was made by the league president for sportsmanship on the part of the spectators and players. Managers and their assistants, umpires and scorekeepers are contributing their time and efforts and it is the hope of league officials their contributions will be favorably received. According to Smith, the League will lay particular emphasis on sportsmanship for the players and a plea is made for similar conduct by fans.

Plan Brief Ceremonies
Little League baseball is played on fields with 60-foot base paths. The pitching distance is 44 feet. Base runners are required to hold their bases until the ball passes the batter.

Brief ceremonies at the field Saturday will include the playing of "The Star Spangled Banner" by the band.

In the event inclement weather prevents opening of the circuit Saturday, the parade and opening will be staged next Tuesday evening. The parade will start at 5:30 o'clock with one game listed for 6:30, Yankees vs. Giants.

No admission will be charged for the games but collections will be received to help defray expenses.

LITTLE LEAGUE OPENS MONDAY IN LITTLESTOWN

The Littlestown Little League will open its season Monday evening on the community playground at 6:30 p.m. The opening game will match the Lions, last year's pennant winners, against the Cardinals, who finished in the runner-up spot. The other two teams in the league, the Vets and the Giants, will play their first game on Wednesday.

This is the second year for Little League baseball in Littlestown. Last year the league operated with four teams. This year minor leaguers will also be given an opportunity to participate. They will play their games immediately following the regular league contests. In this way more boys have a chance to play baseball. Five local organizations sponsor the Little League. They are the Rotary Club, Lions Club, Woman's Community Club, Eagles and VFW.

The Little Leaguers will make their first appearance under the lights this season with two games being scheduled. Want to make a quick getaway?

THE nearest we can come to word-picturing for you how it feels to drive a 1953 Buick with Twin-Turbine Dynaflo* is this:

When you toe the gas treadle, you can get away like silken lightning in a silent hurry.

More specifically, you can sweep your speedometer needle from zero to a legal 30 mph in the time you normally take two breaths.

Equally important, you get this dazzling getaway with whisper quiet—and with one smooth, progressive build-up of velvety power.

The literal truth is—no other car in the world can get away with the combined quickness, quiet and utter smoothness of a 1953 Buick with TT Dynaflo.

It takes more than the advanced new engineering of this fully automatic transmission to produce such thrilling performance, of course.

It takes power, too.

And that's here in full measure—the highest horsepowers and compression ratios, Series for Series, in Buick's fifty great years—with the world's most advanced V8 engine powering the SUPER and ROADMASTER.

There's a lot more you get in any 1953 Buick in generous and hard-to-match measure—room, comfort, visibility, ride steadiness—and, above all, value.

But these are things you must discover for yourself—as you must the greatest Buick performance in history.

Why not drop in on us real soon? We'll be happy to put you at the wheel of a new Buick and let our points prove themselves.

150 LIONS AND LADIES AT ZONE MEET THURSDAY

Approximately 150 Lions and their ladies attended the Spring Ladies Night meeting of Zone A, District 14C, Pennsylvania Lions, held on Thursday night at Basehart's Restaurant, Littlestown. The four clubs of the zone included the host, Littlestown, Beaver Creek (East Berlin and Abbottstown), Conewago (McSherrystown) and New Oxford.

Andrew S. Beshore, nationally known speaker and humorist from Harrisburg, was the guest speaker. Mr. Beshore, who is presently public relations counselor of Governor Pine's Highway Safety Committee, addressed the group on "The House That Love Built." He pointed out to the Lions that members must not lose sight of their objective in any organization; that Americans are strong because they are a generous people; that service clubs bring hope to the underprivileged and clubs such as the Lions are built on help to the less fortunate. "Love of one's fellow man builds the house we live in," he concluded.

The invocation was offered by the Rev. Frank E. Reynolds, pastor of Redeemer's Reformed Church, Lion Wilbur A. Barker, first president of the Littlestown Club, which was founded in 1939, served as toastmaster for the event. The program opened with the singing of "America" and the pledge of allegiance to the flag. Lions Edgar A. Wolfe, James U. Bowers and Sterling J. Wisotzky led the group in singing "We Are The Lions," "Levee Song" and "Love's Old Sweet Song." Hugh O. Roberts, a sixth grade student in the Littlestown Elementary School, entered with two cornet selections, "Punctilious" and "Triplantis." Miss Dorothy C. Jones, a junior in the Littlestown High School, sang vocal selections, accompanied on the piano by Miss Barbara Waltman. The closing song by the group was "Lions Day."

Giovanelli Meets Martinez Tonight

NEW YORK (AP)—Danny Giovanelli, a Brooklyn kid with star dust in his eyes, gets his big break tonight in his first Madison Square Garden main go against flashy Vince Martinez, the slightly deflated "Rookie of the Year" in 1952.

The ten round match will be carried on radio (ABC) and television (NBC) on the regular Friday night schedule.

The boys signed a 147-pound contract. Martinez, heavily favored until his disappointing showing against Chico Vejar to whom he lost an upset decision March 13, goes against the upcoming youngster a 2-1 favorite.

Rio Grande Cagers To Play Wildcats

PHILADELPHIA (AP)—Tiny Rio Grande College meets Villanova here Dec. 4 as the Hoosiers begin an Eastern swing against major opposition to prove their high scoring basketball star, Clarence "Bevo" Francis is equally effective in big time competition.

Francis scored 1,954 points in 39 games last year but the National Collegiate Athletic Association stripped him of national scoring honors, refusing to honor his 50.1 per game average because the college's schedule was a "tissue paper" one. Many of the teams opposing Rio Grande were of the junior college level and did not maintain full four year terms.

The bill outlaws all such knives having a blade that springs out mechanically and which exceed 3 1/2 inches in length when closed. Penalty for sale or possession would be \$500 or six months in prison.

WILEY WANTS PARTY LEADERS WITH BIG THREE

WASHINGTON (AP)—Sen. Wiley (R-Wis.) proposed today that President Eisenhower temper possible congressional criticism of Big Three conference decisions by taking along representatives of both parties.

Eisenhower will be under pressure from lawmakers on several vital issues to be discussed with Prime Minister Churchill of Great Britain and whoever is French Premier at the time of the mid-June meeting, probably to be held in Bermuda.

Wiley, who heads the Senate Foreign Relations Committee, said in an interview he believes the presence of a Republican and a Democratic congressional leader as conference observers "might help give Congress a better understanding of the problems faced by our Allies."

"No Appeasement" One of these problems is an apparent determination by Great Britain to back Communist China's bid for a seat in the United Nations as part of the price for a settlement in Korea.

Wiley has joined a group of Republican senators publicly committed to opposing Red China's U.N. entry under any circumstances. In a speech here yesterday he said there must be no "appeasement" of Communist aggressors.

"We cannot reward Communist gangsterism by admitting the Chinese Communist regime to the United Nations," he declared. "Nor should we yield in the slightest in our strong opposition to the forceful repatriation of prisoners of war in Korea."

Sen. H. Alexander Smith (R-N.J.), a foreign relations committee member, said those two issues are likely to assume paramount importance in the Big Three conference.

GAVIN ATTACKS GRAZING BILL

WASHINGTON (AP)—Rep. Gavin (R-Pa.) today described a proposed grazing bill as "an attempt by a small group in the West to gain control of one segment of the resources of our public lands."

Gavin, whose Western Pennsylvania district includes the Allegheny National Forest, said in a statement to be read to a House subcommittee on public lands that his constituents see in the bill "a threat to the future security of our federal wildlife refuges, our national parks, our national forests and other public lands."

The bill would provide, among other things, that holders of grazing privileges on public land would be given preference for continued use of their grazing allotments and that they would be permitted to

BROWN SWISS PICNIC

The annual Pennsylvania State Brown Swiss Breeders picnic will be held at the Otter Creek Farm, Brogueville, York County, June 6, starting at 10 a.m., Loy N. pass on the allotments to their successors.

"What right has one group in the West to dictate the use, management and disposition of grazing privileges on our public lands?" Gavin asked. "Other groups, finding the door open, will crowd in to obtain special rights to timber, water, wildlife and recreational values."

Gavin said his people help pay for the maintenance of public lands, parks and forests and therefore want "to keep control of those lands in the hands of all the people."

Presiding Bishop G. Bromley Oxnam of Washington, D. C., was praised as a "Christian statesman" by the conference in a resolution Wednesday which declared "none will equal him as a protagonist of democratic ideals and loyalty to our finest American way of life."

The resolution deplored "attacks that have been made upon Bishop Oxnam by certain elements of the press and political leaders which have called into question his loyalty as an American."

The financial report revealed that \$558,627.50 was given to the conference during the year, an increase of \$43,561. Of the total, \$286,692.41 was for benevolence, an increase of \$26,504.57.

THREE GIVEN 17TH RESPITE

HARRISBURG (P)—Respite for three Philadelphia men, convicted of the 1947 holdup-slashing at a Bucks County tavern, hit No. 17 today.

The newest one put off their executions until the week beginning Monday, July 27.

The trio was scheduled to die in the electric chair next Monday. They are David Darcy, 27; Harold Foster, 27, and Harry Zeitz, 22. Gov. John S. Fine, in issuing the stay of execution Wednesday, said the U. S. Circuit Court of Appeals ordered the respite to hear Darcy's case.

The three men have been lodged in the death house at Rockview State Prison for 13 months. They received their first stay of execution for a similar reason six hours before they were to be executed. They were convicted of the Dec. 22, 1947, slaying of William Kelly, a bystander, during the holdup of a Feasterville tavern.

APPEALS LOST

COLUMBIA, S. C. (P)—Two men convicted of slaying a Myrtle Beach, S. C., taxi driver four years ago lost appeals Wednesday for a new trial.

South Carolina's Supreme Court overruled 26 exceptions cited by Lander Ray Gantt, 25, of Gastonia, N. C., and Shelton Galtney, 24, of Hartsville, S. C., who were sentenced at their trial in June of 1951 to death in the electric chair.

SENATE BACKS MILK CONTROL COMMISSION

HARRISBURG (P)—The State Milk Control Commission will remain in operation following defeat by the Senate of a proposal to abolish the three-man agency.

The measure, based on recommendations of the Chesterman State Government Survey Committee, would have transferred the commission's duties to a bureau in the Department of Agriculture at an estimated saving of \$75,000 a biennium.

The Senate voted the plan down by a 6-31 tally.

The only Republican voting in favor of the plan was Sen. George B. Stevenson (Clinton). Democrats who supported the measure were Sens. Holland, George M. Leader (York), John J. McCreesh (Philadelphia), Frank W. Ruth (Berks) and Israel Stiefel (Philadelphia).

Much Opposition
Opposition to the proposal was led by nearly all state-wide farm organizations and Agriculture Secretary Miles Horst.

Shortly after the defeat of the measure, the Senate voted unanimously to increase milk dealer license fees by \$260,000 a biennium.

The new plan, sent to the House, would put an additional levy of a half cent per hundredweight (46½ quarts) on milk handled by dealers. License fees at present range from \$1 to \$5,000 a year depending on the volume of milk handled by the dealers.

The \$260,000 in additional license, which would be paid by the dealer, would save the commonwealth that much money in its financing of the Milk Control Commission, said Sen. Albert E. Madigan (R-Bradford).

SIAMESE TWINS DIE

INVERNESS, N. S. (P)—The Siamese twin boys born here Tuesday died Wednesday night about 33 hours after birth.

Hospital officials said the death of the babies, whose breast bones were joined, was due to the fact the 19-year-old mother, Mrs. Max Wyrwas, was in a toxic condition before their birth. She was reported in good condition last night.

PASTOR KILLED

COATESVILLE, Pa. (P)—The Rev. George W. Andrews, 62, pastor of the Church of the Nazarene in Coatesville, was killed Thursday and five others were injured in an auto crash at the intersection of Routes 122 and 14 in Cochransville.

Andrews was a passenger in a car driven by James Beideman, 51, of Pottstown, and members of his family said he was enroute to Washington for a church conference.

Abducted Kiddies' Future Uncertain

NEW YORK (P)—The future of two small children—victims of a weird, four-day abduction by a carnival strip dancer with a frustrated mother complex—remained in question Thursday.

Welfare authorities said the tots would not be returned at once to their parents, Mr. and Mrs. Clifton Bradford of Washington, D. C.

They were whisked away from the Bradfords' one-room apartment last Friday night by the dancer, Mrs. Barbara Lee Grimm, 24, after she was left alone with them during a beer party.

Mrs. Grimm, facing both state and federal kidnapping charges claimed she pitied the children because of the parents' drinking and quarreling and the cramped, unkempt quarters.

U. N. SECRETARY FIRES WORKER

UNITED NATIONS, N. Y. (P)—New U. N. Secretary General Dag Hammarskjöld has fired his first American employee for refusing to answer questions posed by U. S. Senate loyalty investigators.

U. N. officials disclosed Wednesday that Mrs. Eda Glaser, a \$4,000-a-year library clerk, was dismissed on May 13 after Hammarskjöld reviewed a transcript of her testimony before the Senate Internal Security Subcommittee last Feb. 19. Formerly an employee of the Soviet Government Purchasing Agency in New York, she had declined to answer a question about current Communist affiliations.

High U. N. sources said Mrs. Glaser was discharged "in the interests of the U. N." because she had refused to answer "certain questions" put to her by the subcommittee headed by Sen. Jenner (R-Ind.).

Another American employee of the U. N. summoned before the Jenner subcommittee, Mrs. Sonia Gruen, has resigned from the international organization.

HOLLY MEMORIAL RITES ON SUNDAY

Plans were completed today for the Memorial Day services to be held in Mt. Holly Springs Sunday. Edward Salsick, chairman of the joint Memorial Day Committee, announced that church services, parade, decoration of graves and the dedication of a new honor roll will highlight the Memorial Day observance this year.

Church services will be held Sunday morning at the Evangelical United Brethren Church with veterans attending as a group. Rev. C. Wesley Willson will deliver the memorial sermon.

The parade will form at 2 p.m. at the Mt. Holly Springs School and move at 2:30. The parade will feature several bands, including the Mt. Holly Springs Band, and mechanized units and troops from the 104th Armored Cavalry. Boy given by the Girls' Chorus of the

Scouts, Girl Scouts and members of the Little League and Teen-Age baseball teams will also participate. Color guard and firing squad will lead the parade followed by cars carrying Gold Star Mothers and veterans of the Spanish-American War.

To Hear Admiral Jennings
The parade will disband at the Mt. Holly Springs Cemetery where services will be held to commemorate the war dead. The principal speaker will be Rear Admiral William Jennings, retired naval officer now living in Mt. Holly Springs. Admiral Jennings graduated from the United States Naval Academy in 1922. During World War II he served in the Pacific on Admiral King's staff. Prior to retiring in July, 1952, he served on the staff and faculty of the Army War College, Carlisle Barracks.

Prayers will be offered by Paul Brandt, chaplain of the 19th District of the American Legion, and Rev. Robert Wise of the Lutheran Church. Musical selections will be given by the Girls' Chorus of the

Mt. Holly Springs School and the Mt. Holly Springs Band. Ceremonies will be closed with a rifle salute and taps.

Dedicate New Honor Roll

Immediately following this service, members of William Buttorff Post 7343, Veterans of Foreign Wars, will dedicate a new honor roll erected on the post grounds.

This honor roll containing more than 300 names will replace the community honor roll which had fallen into disrepair. The dedication service will be in charge of Commander James Broderick, Chaplain Edward Salsick and Dr. J. Raymond Snyder, past commander. Commander Broderick indicated that eventually it is hoped to include the names of veterans of all wars.

Guard Polish Jet Pilot Who Fled Reds

COPENHAGEN, Denmark (P)—The second Polish jet pilot to bring his Russian-built MIG15 fighter on the Danish Baltic island of Bornholm was brought to Copenhagen Thursday under cloak-and-dagger security precautions.

The government moved with extreme caution in handling the pilot, Lt. Zdzislaw Jazwenski.

Immediately upon his arrival in the capital by the regular ferry from the island, he was whisked off to police headquarters for questioning on the purpose of his flight from his Communist homeland.

THE CHRISTIAN CONSCIENCE

I Corinthians 8:7-13; 6:18-20
Key Verse: "If food is a cause of my brother's falling, I will never eat meat, lest I cause my brother to fall" I Corinthians 8:13
What is conscience? A definition may run like this: The moral sense within us that determines what is right or wrong in one's conduct. It does not mean that the voice of conscience is the infallible standard for right living. The "voice" must constantly be checked with a higher law; that is the Divine Law. As has been said: "Con-

science is like a watch that must itself be set according to the sun." Some great wrongs have been committed by men who followed the dictates of a conscience not tested and approved by Christian standards. And the essence of the standards set by Christ is love for God and one's neighbor.

The truth of this is set against a background of a practice strange to our modern times. Are we really concerned about the food offered to idols hundreds of years ago? But situations similar in character confront us in our fast-moving events, and the same Christian principles are involved in their solution. What troubled the Corinthian Christians came about in this manner. The city was mainly pagan and sacrifices were made to the gods by offering the meat of animals. Only parts were used in the ceremony.

much of it left over went to the priests. They, not able to use all of it, sold some in the market place. A sharp difference of opinion developed. Was it right for a Christian to eat of meat previously offered to idols? Some believed that since they had done away with idol worship and accepted Christ they could eat this whole some meat. Their former beliefs and ways of worship were forever behind them. Thus conscience approved. But others were not of the same mind. To them it was a real problem. They had a lingering respect for idols. Their Christian faith had not yet grown to the same high degree as that of others. It appeared they had not altogether broken with idolatry.

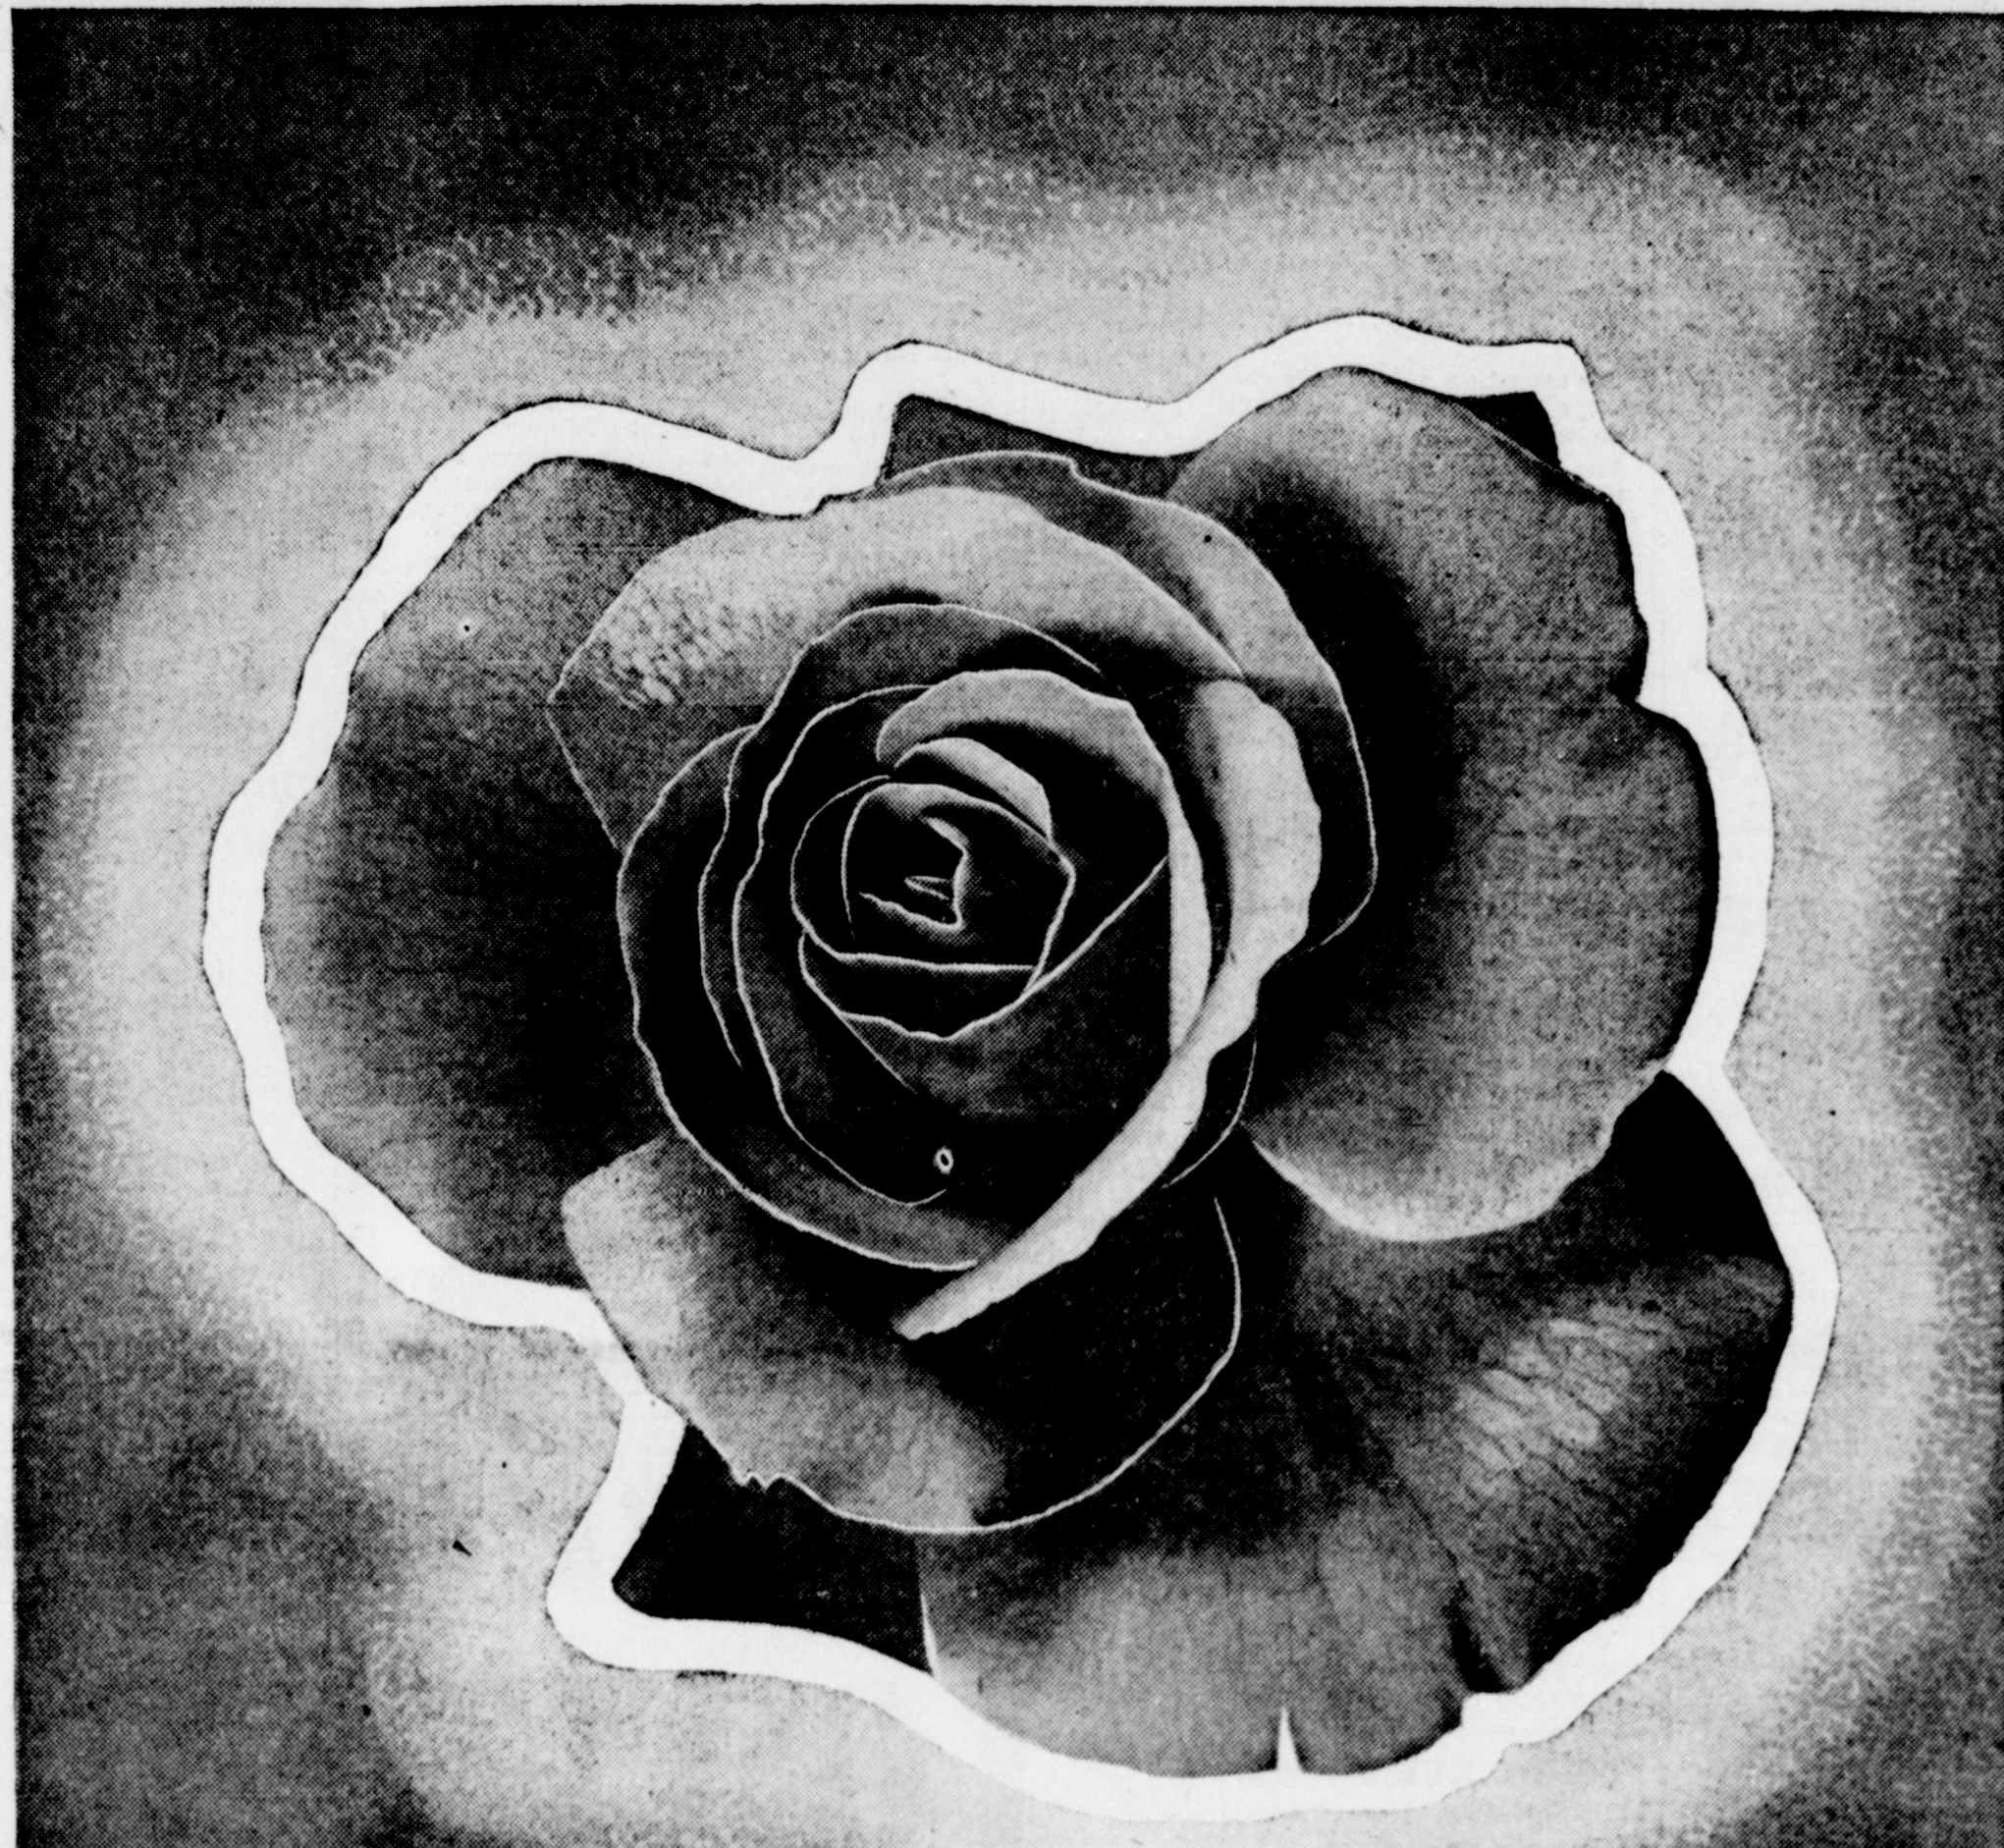

To Paul eating or not eating of this meat was in itself a matter of indifference as long as no Christian principle was violated, and faith in Christ weakened. You are free, he counseled, but be considerate in the use of your freedom. Liberty has its limits; limits set by Christ himself. We are all familiar with the many ways our personal civil liberties are restrained for the welfare of all.

Paul's teaching in this matter of food is basic in many other areas of life. Take the temperance problem. Surely we must be increasingly serious about it. Intemperance is one of the main causes of our numerous social ills. It has become a monster in private and public life. Any serious Christian will do what he can to eradicate the menace of intemperance. He will begin with himself and drink not at all, or at least moderately. Then he will unite with one or more of the present movements

against excess drinking, and its evils. Even if one has himself well in hand he will deny himself indulgence for the sake of a weaker "brother for whom Christ died." (Based on the outlines prepared by the Division of Christian Education of the National Council of Churches of Christ in the U. S. A.)

GOD'S MASTERPIECE?

The rose comes very close to man's standard of perfection. Its delicate beauty seems to mock every effort of the artist or camera to capture it.

But is the rose really God's masterpiece? Hardly!

For its beauty is passive. It brightens life only for those who seek it out and gaze upon it. And in but a few days it withers and is ugly.

God's masterpiece is MAN. For with all his waywardness and selfishness, Man is capable of reflecting the love of God. When he lets God touch his life he is able to bring happiness and faith to others. He doesn't have to wait until he is noticed. He can actively bring spiritual blessings to his fellow men.

As the gardener cultivates the rose, the Church cultivates the lives of men. Always it strives to help us become all that God wants us to be.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

FLOOD CREST PASSES SLOWLY IN LOUISIANA

LAKE CHARLES, La. (AP)—The crest was passing slowly on the raging Calcasieu River here today but waters that forced 2,000 families from homes were expected to hold a peak level for several hours.

The highest flood in 40 years in this Southwest Louisiana city of 50,000 caused two million dollars property damage and cut the last highway link with the outside world.

There were no casualties here but elsewhere in Louisiana eight persons had drowned since rains-swollen rivers and bayous began flooding the state late last week.

A big flood threat was building up at Orange, Tex., a city of about

50,000 population 35 miles southwest of here. The Sabine River, which divides Texas and Louisiana, was expected to crest at Orange about 6 a. m. (CST) tomorrow two feet over the severe 1945 flood.

Hundreds of Navy reservists in Southern Texas and Lake Charles and Texas National Guardsmen were called out to help fight the rampaging Sabine.

Sawmill Town Swamped
The small sawmill town of Deweyville, Tex., north of Orange, already was swamped by the turbulent floodwaters.

Police used civilian volunteers to guard vacated houses in Lake Charles subdivisions to the east and north where the Calcasieu River spread over scores of acres. More than 600 homes were standing in floor-level water.

The huge Lake Charles Air Force Base two miles to the east, except for the flying field and its parked B29 bombers, was a solid lake of water ranging from ankle depth to waist deep.

Tornado On Canadian Border Leaves 4 Dead; Loss In Millions

PORT HURON, Mich., May 22 (AP)—A tornado that ran wild over the Canadian border far to the north of accustomed haunts left in its hopscotch path today at least four dead, scores injured and damage in the millions.

The storm struck late yesterday with a force that lifted part of a freight train from its tracks.

Damage in Port Huron alone was estimated at one million dollars by City Manager J. B. Gibbs. It was reported heavier across the St. Clair River in the Canadian city of Sarnia. The twin cities have a population of about 35,000 each.

List of Dead
The known dead are:

Port Huron—Charles La Forest, 83, whose home four miles south-west of here was blown away. He lived alone.

Springbank, Ont., a crossroads 40 miles east of Sarnia—Simon Thompson, 50; his 6-year-old daughter Dorothy, and Miss Sarah MacIntosh, about 80. The storm shattered their homes.

Rescue workers dug into the debris on both sides of the border in a search for additional victims. Thirty-six persons were treated for injuries in Port Huron. Of the 12 hospitalized, five were listed in a critical condition.

Spent Fury Over Lake
In Sarnia, more than 50 persons were treated for wounds and 15 of them were hospitalized.

The storm spent its fury over Lake Ontario after hedgehopping from Southeastern Michigan across Southwest Ontario Province. It left destruction along a 40 mile path.

The business district of the oil refining center of Sarnia bore the full brunt of the storm. Bulldozers had to clear away the rubble.

In the Port Huron area, damage was mostly to residential property.

DEMOCRATS SHY ON SUPPORT OF PROFITS LEVY

WASHINGTON (AP)—House Democratic leaders today shied away from even a hint of support for President Eisenhower's request to extend the excess profits tax on business for six months.

If the proposal gets out of the tax-writing House Ways and Means Committee, said a leading Democratic member who asked not to be named, reluctant Republicans will have to provide most of the votes.

Several other Democrats on the committee privately took this stand after a caucus late yesterday with Democratic Leader Rayburn of Texas and other party strategists.

Hint National Sales Tax
Meanwhile, Secretary of the Treasury Humphrey raised a new storm cloud on the horizon by refusing to rule out the possibility that the administration will seek a national sales tax in a tax revision program promised next year.

Asked specifically whether the Treasury was considering a sales tax proposal, Humphrey told a news conference yesterday the administration was "considering everything."

One of the chief arguments for a uniform national sales tax has been that it would equalize the present system of widely varied excise or sales tax rates on scores and scores of individual items.

Congress traditionally has regarded a national sales tax as political dynamite.

remain unchanged.

Two small telephone companies which use United Lines also will raise their rates. They are the Breezewood Telephone Co. and Hopewell Telephone Co., Newburg, Cumberland County. Their rates will be raised an estimated \$1,000 and \$250 respectively.

United serves Juniata, Perry, Cumberland, Adams, York, Franklin, Fulton, Bedford, Somerset, Blair, Huntingdon, Mifflin, Centre and Clinton Counties. Breezewood serves about 500 and Fulton Counties.

GAS TAX REFUND MAY BE LIMITED

HARRISBURG (AP)—Farmers would receive state gasoline tax refunds on the basis of the number of acres they harvest instead of the amount of fuel they use under a new Senate bill.

Sen. George M. Leader (D-York) sponsored the measure Wednesday to give each farmer a refund equal to the tax on 10 gallons for each acre harvested.

Farmers now receive 50 per cent of the gasoline tax they pay as a refund each year.

The claimant would need to certify to the state the number of acres he harvested during the preceding 12 months and a statement that he used petroleum products in operating the farm.

Other new Senate bills would: Make it unlawful for aldermen, justices of the peace or constables to solicit business relating to debts or claims collections or to act as a collecting agent—Sen. Robert D. Fleming (R-Allegheny).

Make the State Internal Affairs secretary instead of the labor and industry secretary responsible for handling social security coverage of state and local government em-

Arizona Girl, 13, Wins As National Spelling Champ

WASHINGTON (AP)—A 13-year-old girl who loves books is the new National Spelling Bee champion. Elizabeth Hess, an eighth grader at St. Matthew's School in Phoenix, Ariz., spelled down runner-up Raymond A. Sokolov of Detroit and 51 other state and city champions to win the annual contest yesterday.

Young Sokolov, at 11 one of the youngest contestants in the 26th annual bee, was also one of the most improved. He had finished in 22nd place last year.

As runner-up this year, he lost out to Elizabeth after three nerve-racking rounds. Both spelled their words correctly in one round, then both missed words in two other rounds.

Handled Tough Ones
Elizabeth clinched top honors in a fourth round by correctly spelling "spermaceti". Raymond had missed with an extra "t". Elizabeth then successfully handled "soubrette" as the extra word required under the spelling bee's rules.

The winner, who acts as student librarian for her grade in addition to other school work, receives \$500, a weekend trip to New York, a loving cup and a visit today with President Eisenhower. Second prize of \$300 went to Sokolov.

Also, Elizabeth's school will get a bronze plaque and a set of "Great Books of the Western World."

Elizabeth's mother, a teacher at the Phoenix Medical Center, said she took her daughter west in 1947 because of a sinus condition. Elizabeth's father, who died in 1941, taught at Keystone College, Pa.

"She has her father's mind," said Mrs. Hess, "and she reads a great deal." Born in Scranton, Pa., Elizabeth attended school on an Apache reservation after going west until the seventh grade. Her trip to Washington was sponsored by the Arizona Republic, Phoenix newspaper.

GODFREY IMPROVES

BOSTON (AP)—Arthur Godfrey, television and radio entertainer, is progressing "according to schedule" after a hip operation at the Massachusetts General Hospital, a bulletin on his condition said Thursday.

The hospital where last week Godfrey underwent the first of two operations to restore movement to his hip-broken 22 years ago in an automobile accident said "his post-operative discomforts have subsided."

Constantinople fell to the Turks in 1453 after it had been ruled by Christians for 1,000 years and after its walls had been pounded by cannon which were new weapons in those days for five weeks.

AIR FORCE SAYS BUDGET SLASH HITS SECURITY

WASHINGTON (AP)—The Air Force, ending public silence on heavy budget reductions, says President Eisenhower's new 120-wing goal would cut air power well below the "absolute minimum" for national security.

An Air Force report on the effect of cuts—totaling five billion dollars in the service's budget for the fiscal year starting July 1—was inserted in the Congressional Record yesterday by Rep. Yorty (D-Calif.). He did not say where in the Air Force he got the report.

But in an accompanying statement, Yorty declared:
See Congress Fight
"Alleged friends of adequate defense . . . are preparing to sacrifice air power on the altar of irresponsible political promises."

The report, which Yorty said was supplied at his request, appeared to herald a strong fight in Congress to restore some of the cuts proposed in Air Force spending and new appropriations for next year.

Sen. Margaret Chase Smith (R-Me), meanwhile, sent Secretary of Defense Wilson a "show me" set of 32 critical questions aimed at the administration proposal to trim Air Force funds. There was no immediate reply from Wilson, who was out of the capital.

Some Big Questions
Mrs. Smith said Congress will not agree to the proposed cutback unless Wilson can answer such questions as:
"How can you cut more than five billion dollars from the Air Force appropriations, cut back the Air

Fairfield

FAIRFIELD—Mrs. James Neely, Mrs. Raymond Miller, Miss Helen Steinberger, Miss Elizabeth Crouse and Mrs. Mae Sager, local telephone operators, attended the company dinner held at the Hotel Gettysburg Tuesday evening.

Mr. and Mrs. D. H. Neely have returned from a week's visit with their son-in-law and daughter, Mr. and Mrs. S. A. White, Florence, Ala.

Members of the FHA and FFA Clubs of the Fairfield Joint High School and guests spent Saturday at Hershey Park. The trip was accompanied by Miss Staub, faculty member; Mrs. Elizabeth Johnson, den mother, and Miss Catherine Gentry.

The "Good News" Club met Monday evening at the home of Mrs. Frank Lowe. Twenty-one members and the leader, Mrs. Ritchey, were present. Following the business meeting, a birthday party was held in honor of Carson Lowe, son of Mr. and Mrs. Frank Lowe, who was observing his 10th birthday anniversary. Refreshments were served.

Mr. and Mrs. Lee Rice, Baltimore, spent the weekend at the home of Mr. and Mrs. Frank Lowe.

Mrs. George M. Neely is spending this week with her son-in-law and daughter, Mr. and Mrs. Philip Herrmann, Hagerstown.

The Holy Name Society of St. Mary's Church met in the church social rooms Sunday evening. Installation of the following officers was held: President, Harry Kane; vice president, Thomas Steinberger;

Force's strength to 114 wings, and still say that the Air Force will be more powerful in 1954 than if the original plan had been followed of building a 143-wing Air Force by 1954?"

Wings vary from 30 to 75 aircraft, depending upon type.

and secretary-treasurer, Leo Topper. Mrs. E. G. Adams entertained the Bridge Club Monday evening. Prizes were won by Mrs. Robert Wills, Mrs. Luther Kepner and Mrs. Robert McCleaf. The club will meet in two weeks at the home of Mrs. James Neely.

Wesley Schable, chairman of the ticket sales committee for the Mills Bros. Circus, which will show in Fairfield on Saturday, May 30, under the auspices of the Lions Club, has announced that a special meeting of the club will be held Tuesday evening at the Fairfield Elementary School.

Members of the Fairfield Girl Scout Troop will distribute flowers on the graves of veterans of all wars during the 66th annual Memorial services to be held Sunday at 2 p.m. in the Fairfield Union Cemetery. In the event of inclement weather the services will be held in the Fairfield Fire Co. hall.

NORRISTOWN, Pa. (AP)—Mary Jane Lisenbiger, 15, Norristown, was killed Wednesday when an automobile in which she was a passenger overturned in a field along Route 363 on Valley Forge Park. Four other young people were injured.

HANDYMAN IS GUILTY; GIVEN LIFE SENTENCE

BRIDGEPORT, Conn. (AP)—Negro handyman William Davis, 29, begins a life term in Wethersfield State Prison today for the slaying of his blonde employer with whom he claimed intimacy just before her death.

Only a Superior Court jury's recommendation of mercy after finding Davis guilty of first-degree murder yesterday saved him from the electric chair.

Under the jury's recommendation, Davis could never be paroled. The jury of seven women and five men deliberated less than four hours.

Claimed Temporary Insanity
The 29-year-old self-confessed killer said he strangled and stabbed the 30-year-old ex-actress and socialite in the bedroom of her Westport home on Jan. 26 after drinking and being intimate with

her. He pleaded temporary insanity. Davis said he reached this state after she threatened to call police when they argued. Claiming a fear of police brutality, Davis told the jury he went berserk and killed her.

A psychiatrist for the defense testified Davis hadn't been temporarily insane but that he had suffered from "fear hysteria" when he killed Mrs. Evans, estranged

wife of New York writer Montgomery Evans 2nd. A state psychiatrist testified there is no such recognized diagnosis as "fear hysteria."

DEMOCRATS AND GOP TO CONFER ON SALES TAX

By LEONARD A. UNGER
HARRISBURG (P)—Republicans defied precedent today in accepting a Democratic offer to join hands in working out a solution to a two-month tax deadlock.

Speaker Charles C. Smith (R-Philadelphia) said House Democratic leaders would be called into conference next week to discuss various components in a tax package to be drafted by Republicans.

"We're very willing to accept the Democratic offer," he told a newsman. "This is the first glimmer of a silver lining on the dark cloud of taxes so far this session."

Rep. H. G. Andrews, House Democratic leader, called attention to the House yesterday that the slim 109-member GOP bloc is now in no practical position to pass a tax program without Democratic help.

Sure Of Program

Then holding out the bi-partisan olive branch, he added:

"I am sure that a program can be devised that I can ask the members on this side of the House to support."

Andrews' insistence that Democrats be given a voice in assembling a tax package if they are to vote for it came in for approval by Smith.

"I'm satisfied in my own mind that we can work out something with the Democrats," Smith said. "Essential services must be paid for—and both Republicans and Democrats realize that."

Smith said a dozen or more components of a tax program are under consideration as a substitute for the abandoned proposal for a one per cent sales tax.

Retain Gas Tax

They range from reviving the one cent a bottle soft drinks tax and increasing present levies on beer, liquor, cigarettes and wine to imposing a mercantile tax or an impost on unincorporated businesses.

The Senate, meanwhile, unanimously approved and sent to the governor House-passed legislation to continue the state's gasoline tax

Mixed Feelings On Armistice In Korea

TOKYO (P)—With three days left before another Korean truce meeting, Allied headquarters worked today on a revised armistice proposal that aroused optimism among Allied sources and irritation among the Communists.

Allied and Red delegates meet again Monday at Panmunjom on the deadlocked prisoner exchange issue, last major barrier to an armistice. The talks have been in recess since Saturday.

Authoritative sources say the Allied proposal may be on a "now or never" basis.

But the official Red Peiping radio called reports of a revised plan "propaganda deception," and added:

"An armistice is at hand and can be had on the basis of . . . (the Communist) proposal."

French Planes Hit Red Supply Lines

HANOI, Indochina (P)—French fighter and bomber planes plastered main supply routes from Red China to the Communist-led Vietnam today and pounded Rebel troop concentrations in the Red River district of Northwestern Indochina.

The attackers, including U. S.-supplied B26 bombers, tore big gaps in highways leading to Langson, 80 miles northeast of Hanoi, and to Cao Bang, 120 miles north of this city. Langson and Cao Bang both are within 10 miles of the frontier with Communist China.

Lately the Chinese Reds have been feeding over these highways the greater part of the 3,000 tons of war material they supply each month to the Vietnamese.

San Marino, which has an area of 38 square miles, is believed to be the smallest and oldest republic in the world, having been founded in 350 A. D.

SOMEbody has a reason for REVIEWING A WILL!

Changes in your family (births, marriages, deaths), and changes in laws, particularly tax laws, are good reasons for having your lawyer review your Will and bring it up to date.

We invite your inquiry as to how our services as Executor may help conserve your estate and benefit the members of your family.

New "cigarette test" shows how Hoover ROUTS OUT KILLER GRIT!

The dancing cigarettes show how Hoover gently vibrates the rug to dislodge embedded grit as it beats, as it sweeps, as it cleans on a cushion of air.

A Hoover Cleaner means longer life—fresher colors for your rugs and carpeting. Exclusive triple-action feature makes it easiest of all cleaners to use. Easy to own, too—let us show you how you can have a new Hoover for less than the cost of a pack of cigarettes a day.
